

MEMORANDUM OF UNDERSTANDING

between

The University of Belgrade,
Faculty of Mining and Geology

and

Istanbul Technical University,
Faculty of Mining

Article 1

The following Memorandum of Understanding will be considered as the mutual agreement concluded between the Contractual parties, in their joint efforts to promote the cooperation of these two faculties.

Specific details of any activity that the Contractual parties will be engaged in the course of their cooperation will be set forth in separate bilateral agreements.

Article 2

The objectives of this Memorandum of Understanding will include, without limitation, the following:

1. The organization of joint academic and scientific activities,
2. The exchange of academic staff for lectures, conferences and research,
3. The exchange of students for courses and specialized programs, and
4. The exchange of publications and other material of common interest.

Article 3

The undersigned Contractual parties shall apply to the national authorities or any other suitable institution, for support in realization of their cooperation.

Article 4

The Contractual parties will appoint representatives for coordination of their cooperation. The contact person for the University of Belgrade, Faculty of Mining and Geology will be prof. dr Ivan Obradović, Dean. The contact person for Istanbul Technical University, Faculty of Mining will be prof. dr Orhan Kural, Head of Mining Department.

Article 5

This Memorandum of Understanding will become effective on the day of signing by the Contractual parties.

It is concluded for the period of 3 years, but may be renewed and extended by mutual agreement.

Any amendment and modification, including extension of the term of this Memorandum, will be made in written form, with the consent of both contractual parties

Both Contractual parties may terminate this Memorandum of Understanding, with written notice, but observing the obligation to previously inform other party about their intention, three months in advance.

Article 6

This Memorandum has been composed in four identical specimens, in English and in Serbian language, of which two will be for each Contractual party.

In case of any inconsistency in interpretation of this Memorandum, the version written in English language will prevail.
